

ORDER FORM

Ordering books from us is simple...indicate the number of each book you wish to order under "quantity," then write the total amount for the books in the column at far right, marked "total." Add the amounts, and add 6% sales tax to that amount if you live in South Dakota. Add \$3.50 shipping for each book (\$7 maximum...even if you order 3 or more books, \$7 is all you pay for shipping), and write the grand total in the last blank. Enclose a check or money order for the amount and we'll turn your books around within 7 days of receiving your order. Thanks! You can also view sample images from each book at our website: www.greglatza.com
